

**Caleb Drew**

Houston, TX | calebdrew@gmail.com | (315) 956-7773

**SUMMARY**

Analytics consultant specializing in data-driven problem solving, process improvement, and global reporting. Experienced in translating technical insights into strategic decisions and converting siloed data using ETL tools into actionable intelligence for operations, finance, and leadership.

**TECHNICAL SKILLS**

- **Analytics & Visualization:** Power BI • SQL • Python • Power Query • Excel • Airtable
- **Data Integration & Systems:** Azure • Airbyte • Oracle • SAP • Global Shop • Fabric
- **Methods & Frameworks:** Forecasting (ES, Time Series, Holt-Winters) • Lean/Six Sigma • ERP Reporting Optimization

**EXPERIENCE****Hultec — Analyst (Internal Consultant)**

*Dec 2024 – Present | Global pipe sealing manufacturer*

- Designed and deployed real-time KPI dashboards to replace EOM reporting for Finance, Operations, and Sales.
- Implemented Holt-Winters predictive modeling for seasonal demand, enabling proactive production adjustments and reducing stockouts.
- Unified multi-plant production and sales data from a variety of sources into a global hub using Airbyte + Azure + Microsoft Fabric + Power BI.
- Assisted with plant move and implemented live reporting processes using the ERP's native production tools by creating barcoding, work cell terminals, and ERP PN and logic to work with new tracking process.
- Built a market valuation tool integrating World Bank data with current market assumptions, uncovering a 12% EBITDA growth opportunity in 2 countries.

**Distribution International (TopBuild) — Industrial Engineer / Data Analyst**

*Sep 2023 – Nov 2024 | National insulation distributor*

- Automated daily reporting with SQL + Oracle ERP, saving 8 hours per week in manual processes.
- Reduced material cost variance by \$75K and improved pricing accuracy by 15% across 700K+ SKUs.
- Conducted pricing optimization analysis, improving bid competitiveness and margin recovery.
- Led Lean/5S factory layout redesign, generating \$20K in monthly savings and eliminating 12+ hours of process waste weekly.

**EDUCATION & CERTIFICATIONS**

- B.S., Business Administration — Le Moyne College (2022)
- Lean Blue Belt Certification — Wichita State University (2024)
- Google Data Analytics Professional Certificate — Coursera (2023)
